

# NORTHERN HARD MAPLE

AACER™

RESIDENTIAL FLOORING

## Northern Hard Maple

Acer's Northern Hard Maple is distinguished from other maple by a denser grain and rich consistent color. Hard Maple provides a clean, contemporary look. Maple hardwood floors are limitless and impressive. Their strong durability, yet fashionable appearance make them a must-have for your home. Maple hardwood flooring is versatile and stylish and it looks good in any type of design. Find a look that's perfect for your space with maple hardwood flooring.

# NORTHERN HARD MAPLE

## JANKA Hardness Scale

\*Acer Northern Hard Maple is up to 35% harder than Southern Maple (Source: NWFA)

## Widths

- Weight 2.88 lbs per sq. ft.

## FEATURES AND BENEFITS

- Superior length.
- Excellent durability.
- Well suited for residential and commercial use.
- Consistent product due to controlled environmental mill conditions.
- Great dimensional stability.

### 1ST GRADE

All white sapwood with little to no blemishes. Minor mineral streaking is allowed. No brown is permitted. **Average board length is 39"**.

### 2ND & BETTER

A clean floor that allows color variation between the very white sapwood and very dark brown heartwood. Sound knots up to a 1/4" diameter are acceptable as is moderate mineral streaking. Color variation will vary upon production. **Average board length is 33"**.

### 3RD GRADE

Allows prominent natural variation in color, various imperfections and obvious character marks. Open knots permitted up to 1" in diameter that do not go through the board. **Average board length is 23"**.

### GLACIER

Character Grade flooring with a long average length. All character flaws and imperfections are permitted. This flooring will have extensive color variation. Pencil width knots are allowed to go all the way through the board. **Average board length is 48"**.

### PESHTIGO RIVER CHERRY

Floor will contain 90% brown heartwood. 2nd & Better grading applies to this grade. **Average board length is 33"**.

## MATERIAL WARRANTY

Acer Flooring warrants that the products have been manufactured in compliance with the grading rules of Acer Flooring, and will be free from manufacturing defects, which are limited to improper milling or improper drying only. Manufacturing defects do not include natural wood characteristics such as mineral streaks, knots, grain variations, and normal minor differences between color samples and the color of installed floors. These are normal characteristics and are not defects.
