SPORTS FLOORING

## AacerCush II

The AacerCush II floor system combines Aacer maple flooring with 2 layers of APA plywood underlayment and resilient pads. The result is an economic, versatile athletic floor with increased shock absorbency and energy return that helps reduce injuries. This widely used floating sport floor system is ideal for field houses, gymnasiums, multipurpose rooms and dance floors.

## AacerCush II

Increased structural integrity, shock absorbency and energy return makes the AacerCush II one of the most widely accepted athletic flooring systems for field houses, combination synthetic and wood facilities, gymnasiums, dance floors, stages and multipurpose rooms.
