Aacer Flooring’s popular AacerFlex™ VLP is the low profile version of AacerFlex™. This performance sports floor system meets the ergonomic needs of today’s athlete through sufficient force reduction, increased energy return, as well as outstanding ball rebound characteristics. It’s ability to utilize multiple pad options and maintain a low profile height makes the AacerFlex™ VLP a versatile system for many applications.
AacerFlex™ VLP a low profile version of AacerFlex™. This system incorporates a variety of precision engineered pads that integrates load bearing ability with enhanced athletic performance. AacerFlex VLP can be specified for multipurpose rooms, competitive sports applications and dance/aerobics. Available in AacerFlex™, AacerFlex™ TP and AacerFlex™ EN-DIN.
