

# NORTHERN RED OAK

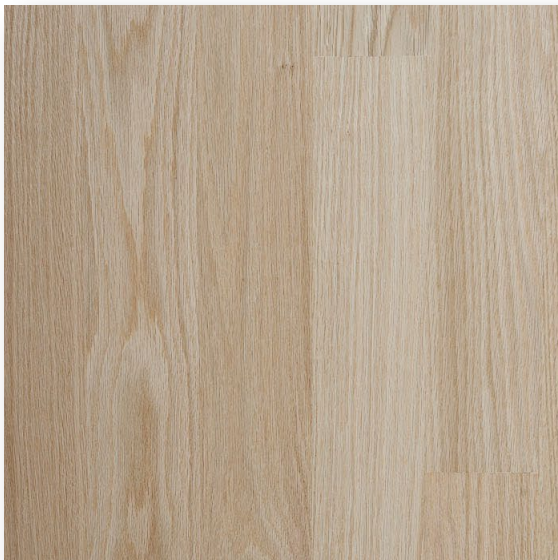

AACER™

RESIDENTIAL FLOORING

## Northern Red Oak

Northern Red Oak has the tightest grain and most consistent warm color of the species. It's neutral color allows for a variety of applied stains and styles to compliment any home. Northern Red Oak is one of the most popular hardwood flooring options for both home and office.

## MATERIAL WARRANTY

Aacer Flooring warrants that the products have been manufactured in compliance with the grading rules of Aacer Flooring, and will be free from manufacturing defects, which are limited to improper milling or improper drying only. Manufacturing defects do not include natural wood characteristics such as mineral streaks, knots, grain variations, and normal minor differences between color samples and the color of installed floors. These are normal characteristics and are not defects.
