

# AacerFlex™ VLP

FLOATING SYSTEM

AacerFlex VLP offers a low-profile option of our AacerFlex sports floor system. Like the original AacerFlex floor, VLP also provides subfloor panel construction and resilient component choices. A good choice when meeting minimal height requirements while furnishing desired shock absorbing and ball rebound characteristics.

# AacerFlex™ VLP

AacerFlex VLP provides a full panel subfloor supported by various resilient component options. VLP is a good choice for multipurpose rooms and competitive sports applications.
