## ABOUT US:

Infinity Wood Floors, Crandon, WI, is a leading manufacturer of high-quality hardwood flooring and of Aacer Sport Flooring's sub-floor systems for the sports and recreational industry. As a Maple Flooring Manufacturers Association (MFMA) Member Mill, Infinity Wood Floors Northern Hard Maple flooring meets and/or exceeds all industry standards.

Since 2012, Infinity Wood Floors has been milling high quality Northern Hard Maple flooring. We take pride in delivering product that is of consistent, superior quality. In 2022, Infinity Wood Floors acquired Aacer Sports Flooring sub-floor systems. Aacer Sports Flooring subfloor systems are known to deliver shock absorption, flooring resiliency, moisture resistance and dead-spot elimination. Infinity Wood Floors along with the addition of Aacer's high quality sport floor systems and synthetics makes for the perfect sport floor combination.

Infinity Wood Floors along with Aacer Sports Flooring will continue the tradition of supplying the highest quality of sports floors. In addition to hardwood, Infinity Wood Floors also supplies synthetic flooring in a variety of textures, colors, and gauges to fit your project needs and budget.
